THE OBJECTS OF THE REPUBLICAN PARTY.

A terrible newspaper, published in Philadelphia, called the *North American and United States Gazette*, a relict of old Whiggery, which is seldom seen out of its native city, and not much even there, unfortunately for the Republicans of Missouri, that they will be read out of the party, or, rather, that the party itself will be read out of existence, if they go for a revenue tariff. Referring particularly to the *St. Louis Democrat* and its teachings, this old-fossil sheet says:

"They talk of sacrificing our party principles at the very outset when the extraordinary success of the Missouri voters adds an increased responsibility to those who must be loyal to apparent to need comment. If our friends in Missouri are going to be seduced from the path they will have reason to rue it. Those free trade principles are no more trusting to the party that party name or influence are worth.

What should be a Republican victory in Missouri is as much triumph as to us in Missouri if it were gained upon a free trade basis? What object could the party serve that would be worth such a sacrifice? Such a victory is like a fight for nothing, and sooner than accept it we should prefer defeat. It should be the aim of every Republican organization, in its and its avowed principles, to secure to that party the fruits of victory. What

...would be called to his desk to deal with the old-fashioned question of "Specie or no specie." Third, the national banks have been heavily taxed at this time than the banks ever were before, or were in the history of the United States. Having lost the profits on various privileges they once enjoyed, by reason of the creation of the Treasury Credit, they are liable to many species of State, municipal and local taxation. They are now paying to the General Government two and three-tenths per cent on their entire capital, which left only three and seven-tenths per cent on the former, and this is the only source whether it is over contributed to support a central organization. Fourth, the national banks are now required to keep deposited, at the earliest possible day, a large amount of money from the field of their loads, which would leave them but two and two-thirds per cent on their investments, and one and two-tenths profit on the ten-forty bonds. The State and municipal taxation of the National Banks of the West exceeded two per cent, and in several of the States, and in most of the cities, it exceeded three per cent. This taxation wiped out all the remainder of their profit on their bonds. If Section 7 of the Funding bill is adopted, it would be to their special interest to close their affairs and quit the business.

Senator Sherman said, in his recent letter to the newspapers, that 'the private banks paid all the taxes paid by national banks, except that on circulation. That might be true enough in fact, but, as a matter of fact, it was wide of the truth. The private banks never returned all their capital. There was no publicity and no check, and the State could not tell what amount of capital they were engaged in keeping their funds in untaxed government bonds. It is the first time I ever heard that the banks paid the taxes on their capital. What now was to be the highest judicial tribunal in the country, went to the supreme court of the State of Illinois, and there it was decided by a bare majority (deciding one) that the law was unconstitutional, and better for the country.

OUT OF MR. CARLISLE IN OPPOSITION.

Mr. Carlisle replied, in a speech, saying the General had analyzed and disparaged...ioned the Court because, as he remembered, one had decided in a law case of Judge. However that might be, it was the duty of the Court which had been so...ted to that case. What now was to...of the highest judicial tribunal in the country, went to be supported, and respected because of a small majority deciding one? Whatever might be the merits of the...nevertheless the opinion of the Court...they to do with the previous action...ion? He then referred to the case of Hoffner & Griswold, one of many having principles involved in the question had been postponed from one...to another for the purpose of suggesting...ion of the Court, and they would take the matter up.

...ill began by saying that he was in...ed only as to how small would be the ...ount. The Secretary of the Treasury in the ...ort of December, 1869, estimated that there were some $7,000,000 of interest on the ...bonds held by the banks; that the ...ount of capital paid in was $454,000,000, and that the whole necessities ...ency of the United States were more or ...ss dependent upon the banks. Mr. McGill ...ed the banks had a large amount of their previous ...ofits locked up in bonds, which they could ...ow realize and loan on multiple ...ount of call loans, and that the ...ount of loans and deposits did not ...ly with the amount of capital paid .... The inevitable effect ...ge of the bill would be to ...ge the country banks and the banks ...ge cities to withdraw from the ...ge of their 3-per-centum bonds and ...their banks into private sharing shops. ...y would make 2 or 3 per cent profit ...ey were subjected under the Na...ank bill, and secure all the same ...ity to the Government as at present. ...e Secretary of the Treasury seemed to ...ve fallen into error in regard to Na...al Banks in stating that they were ...ing large profits; that the reserves were ...ing depleted; that the banks were no ...ger Government depositories, and that they were no longer Government ...ents; that they were no longer making profits ...ir bills, &c., of national bank-notes; ...t they were compelled to sell their bonds ...ll their deposits were not fo...

THE CHICAGO TRIBUNE, TUESDAY, APRIL 5, 1870.

COMMON COUNCIL.

The Lonergan Appropriation Bill Vetoed and the Veto Sustained.

Assessments of Horse Railways for Street Improvements.

Amended Fire Limits—The Finnish Consulate—Extras in Contracts.

Building Inspection—Boating Lake Park—The Woolen Exposition.

A "Sarcastical" Suggestion.

A regular meeting of the Common Council was held last night. Present, Ald. Cox, Bowman, Hebbin, Hobbs, Montgomery, Calkins, McAvoy, Dagey, Whittaker, Tracey, Bisbey, Batterman, Hildreth, Powell (W. S.), Powell (George), Holden, Wicks, Russell, Wrentmore, McMaster, Robinson, Campbell, Gill, Steil, McGrath, Tyler, Berger, Bengley, Carney, Herting, McCauley, Kehoe, Mr. President.

THOMAS LONERGAN BILL.

The following communication from the Mayor was read:

GENTLEMEN: I have had under consideration an order passed at your last meeting for the payment of $1,500 to Thomas Lonergan, and have decided to withhold my approval.

Ald. Kehoe moved the passage of the order, the objection of the Mayor to the contrary notwithstanding, and on that moved the previous question, which was not ordered—yeas, 16; nays, 11.

The motion to pass the order over the veto prevailed—yeas, 19; nays, 14—as follows:

YEAS—Messrs. Cox, Bowman, Montgomery, Tracey, Bisbey, Hobbs, Powell (W. S.), Powell (George), Wicks, Gill, and the President—19.

NAYS—Messrs. Dagey, Montgomery, Calkins, McAvoy, Dagey, Whittaker, Tracey, Bisbey, Batterman, Hildreth, Powell (W. S.), Powell (George), Holden, Wicks, Russell, Wrentmore, McMaster, Robinson, Campbell, Gill, Steil, McGrath, Tyler, Berger, Bengley, Carney, Herting, McCauley, Kehoe, Mr. President.

THE FRENCH CONSULATE.

The following communication from the Mayor was read:

GENTLEMEN: I have had under consideration an order passed at your last meeting, and that is being the wish of the Council, I would be an act of courtesy, and one which I would be glad to perform, if the Council would reconsider the vote by which the order was passed. The strong impression is that Fire Marshal Williams, and that is being the feeling of the Council, that the fire which occurred on the night of the 24th of March never damaged than the solid side walls. And, from the statements which I have received, I am led to believe that the damage to the building was very slight. I have also been informed that the fire did not see the walls between the two buildings, and that the heat to any of them from the walls that were standing when he arrived. Under these circumstances, I have examined the evidence accompanying the order, and am unable to find any reason why the Council should appropriate the money for the purpose of paying the expenses of the Consulate. Entertained as this opinion that the city is liable, if the facts of the case are as they are represented to have existed at the time of the fire, for the damage done to the building under such, I think it would be best to have a judicial determination of the question of the liability of the city, and, therefore, to Fire Marshal Williams, a city officer, putting a claim before such tribunal for the amount of damage done to the building which is claimed to be caused by or were attributable to the fire. Not caring to act in a matter of this kind, and believing that the Council would be best satisfied to have the matter referred back to the Committee on Claims, I return the order without my approval.

Respectfully,

THOMAS HOEY, Mayor.

CHICAGO, April 4, 1870.

Ald. Cox offered the following, which was referred to the Committee on Claims:

Resolved, That the Committee on Claims be instructed to report to the Council at its next meeting the facts in relation to the claim of the French Consulate for damages done to the building occupied for the Consulate on Randolph street, and that they be instructed to report whether the Council is liable for the payment of said claim.

Ald. Cox offered the following, which was referred to the Committee on Claims:

Resolved, That the Mayor be and he is hereby requested to refund all moneys which may have been collected from the Consulate of France for the erection of Franklin street, from Madison street to Adams street, and that the Comptroller be and he is hereby directed to draw his warrant for the same.

CITY BUILDING INSPECTOR.

Ald. Hildreth offered the following, which was referred to the Committee on Public Buildings:

Resolved, That the Council appoint a thoroughly competent person to act as City Building Inspector, whose duty it shall be to inspect all buildings now erected, or in progress of construction, or which may hereafter be erected, in the city, and to report to the Board of Public Works whether any such building endangering it as a building of that character, and that the Board further with report to the Board of Public Works, whether any such building is in a dangerous condition, and that no further work be done upon it, or material used therein, until it is rendered entirely safe by said board and approved.

ESCAPING TAXATION.

Ald. Woodard offered the following, which were adopted:

Ordained, That the Comptroller be and he is hereby instructed to call upon the Corporation Counsel that it be his duty to institute proceedings against all persons who have, during the past year, escaped the payment of taxes justly due from them to the city, and to report to the Council at its next meeting the names of such persons, and the amount of taxes assessed. It is so Ordered.
